MEDICINAL.

To take cold. It's so common to neglect the cold. That is one reason why there are so many people with "deep-seated," stubborn coughs, and so many more with "lung trouble."

The short, quick way to cure a cough is to use Dr. Pierce's Golden Medical Discovery. The quicker this remedy is used the quicker the cure. But even when neglect has let disease fasten on the lungs, "Golden Medical Discovery" may be relied on to cure in ninety-cight cases out of every hundred.

The only motive

cight cases out of every hundred.

The only motive for substitution is to permit the dealer to make the little extra profit paid on the sale of less meritorious medicines. He gains. You lose. Therefore accept no substitute for "Golden Medical Discovery."

"I am feeling quite well," writes Miss Dorcas
A. Lewis, of No. 1129 24th St., Washington, D. C.

to Dr. Pierce's Golden Medical Discovery, I cannot say too much in praise of the medicine. I had been quite a sufferer for a long time, and
after reading. Dector Pierce's Common Sense

May, 1859. Had not been sleeping well for a long
time. Took one teaspoonful of Dr. Pierce's
Golden Medical Discovery and slept nearly all
inght without coughing, so I continued taking
it. I am in great sympathy with everybody who
suffers with a cough. I had been a sufferer for
more than ten years. I tried lots of differen
medicines and different dectors, but did not feel
much better. I coughed until I commenced spitting blood, but now I feel much stronger and
am entirely well. Dr. Pierce's Golden Medical
Discovery is the best medicine I have ever taken.

HORRIBLE DEATH.

After snarling, biting and suffering one convulsion after another in rapid succession for fully four hours, during which it required six men to hold him, Harry Ayersman, aged 18 years, of Rollesburg, W. Va., a victim of hydrophobia, died of sheer exhaustion yesterday at the Pasteur department of the College of Physicians and Surgeons in Baltin The young man was very robust, and his efforts to escape from the physicians were terrific, while the convulsions were of terriblee severity.

Young Ayersman showed symptoms of hydrophobia about a week ago, and was taken to Baltimore only as a last resource. He was accompanied by Dr. F. W. Fogle, of Rollesburg, who has been attending him recently. The physician and his parent arrived at the hospital esterday morning.

The change of temperature, caused by moving the patient from the train to the ambulance, brought on a convulsion, and it was with some difficulty that the young man was quieted. However, when the ambulance arrived at the college the

Dr. N. G. Keirle, director of the department, and Dr. Alfred Quessy, his assistant, examined the patient and did everything possible to ease his suffering.

For some time young Average, very For some time young Ayersman remained perfectly quiet, but shortly after noon he began to grow restless and froth flecked his lips. Then he became delirious and later was seized with a con-

Young Ayersman was bitten on November 19 last, and, though the symptoms of hydrophobia displayed themselves about a week ago, the wound was perfectly healed. The young man on the above date was driving a wagon near his home, in Rollesburg, with several companions, when they noticed a large dog of common breed following the notice and are perfectly healed. To Get Rid of a Troublesome Corn.

First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days.

The young man then drove to bis home, and, as the wound healed quickly, he thought no more of it. About a week ago, however, he became restless and nervous, and Dr. Fogle was summoned. The physician watched his patient very carefully, and on Saturday last he noticed that he was suffering from spasmodic convulsions of the throat, and on the following day he showed aversion to water, suffering con-vulsions of the muscles of the throat at the very sight of it. He also became delirious at times, but when rational he displayed unusual affection toward the members of his family, all of which are symptoms of hydrophobia. Then on Tuesday the patient began to weaken materially, and the physican waited no longer, but took him to Baltimore. In moving the sufferer, any draught of air that might strike him was sufficient to

When in the hospital at Baltimore Ayersman was very vicious, and those who endeavored to attend him were in imminent danger, for he spat and bit and snarled. A towel was placed over

The Foreign Office officials in Berlin allege that a systematic effort is apparently being made to represent Germany as the propelling power in the coertion of Venezuela and as being responset with the above sible for all the harsh measures. For instance, they say, the bombardment of the forts at Puerto Cabello is ascribed to German initiative, whereas the Foreign Office officials say, without reservation, that the bombardment was at the British commander's suggestion, the Topaze being a British ship. The German com-mander participated in the firing as a loyal ally. The German government is not insisting on more severe measures AN OLD AND WELL-TRIED REMEDY.—

The End may be the Grave.

Dr. Bull's Cough Syrup is the best remedy for all kinds of throat and lung trouble. It has proved itself infallible for bronchitis and influenza, and will cure a cough or cold in a night. Dr. Bull's Cough Syrup has cured many people after they were given up by doctors to die, and it has saved more lives than any other similar remedy. Dr. Bull's Cough Syrup always cures.

Mr. Edward Dill, No. 835 Mechanic Street, Camden, N. J., verites: "I had a bad attack of the grippe, which left me with a very bad cough that settled on my lungs. I could not rest for the hard coughing and the doctor gave me medicine but it did me no good. I started to take Dr. Bull's Cough Symp and it helped me at once. I continued taking it and it cured me of the worst cough I ever had."

Substitution That Hurts You.

When a person is sick, trifling is dangerous. If the taking of proper medicine is delayed, serious and not infrequently fatal results follow. Herein lies the danger of permitting unscrupulous druggists to sell you substitutes for Dr. Bull's Cough Syrup. Substitutes are nothing more or less than mixtures that cannot be sold on their own merits, for the reason that they are generally worthless. Ask for the old reliable Dr. Bull's Cough Syrup, and see that you get it. Be sure that our trade-mark, a Bull's Head is on the package. At all druggists, 25c., 50c. and \$1.00.
